M M ENVIRO
PROJECTS PVT. LTD

ABOUT US

In the late nineties, environmental engineering required the much needed thrust in terms of precise solutions. It was then that MM Enviro decided to come into being to offer highly precise and affordable solutions to environmental issues in the wastewater treatment area. The company has been in existence since 1999 and has now strengthened to over a 100 strong technical force.

Formed by a group of well qualified and highly experienced engineers having work experience in offering environmental engineering solutions, the company took off on a grand note and has now supplied solutions to clients in over 14 countries.

Today, the fact that each promoter has over 25 years of relevant work experience not only helps our customers trust us but also helps us build and offer world class solutions. A leading environmental engineering solution provider in anaerobic technology, MME's solutions are, today, considered at par with the best in the world.

Today, MM Enviro has over 250 satisfied customers with over 400 installations.

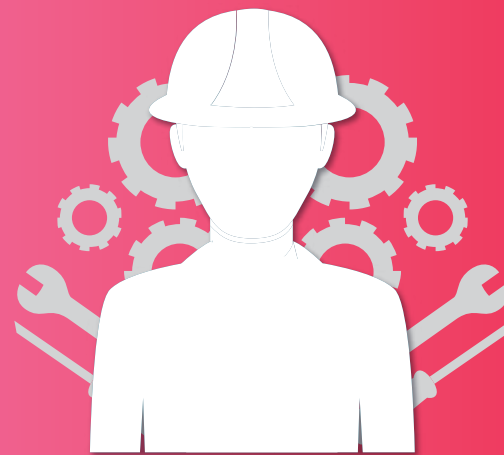

SERVICES OFFERED

- Associated with IIT - Kharagpur for providing sewage treatment plant based on UASB process.
- Partnered with a leading corporate in India for development of low cost sewage treatment plant of domestic sewage.
- Technical tie-up with NEERI - National Environmental Engineering Research Institute for offering PHYTOROID technology based STPs.

MM Enviro Projects Pvt Ltd offers the following engineering services and installations -

- Industrial Effluent Treatment Plant
- Sewage Treatment Plant
- Water Treatment Plant
- Water Recycling Plant
- Bio Composting Plant
- Solid Waste Biogas Plant
- Zero Liquid Discharge Plant
- CSTR/UASB Biogas Plant
- ETP upgradation

APPLICATION AREAS

DISTILLERIES

CEMENT MANUFACTURING

BREWERIES

ICE-CREAM MANUFACTURING

DAIRY

SUGAR MANUFACTURING

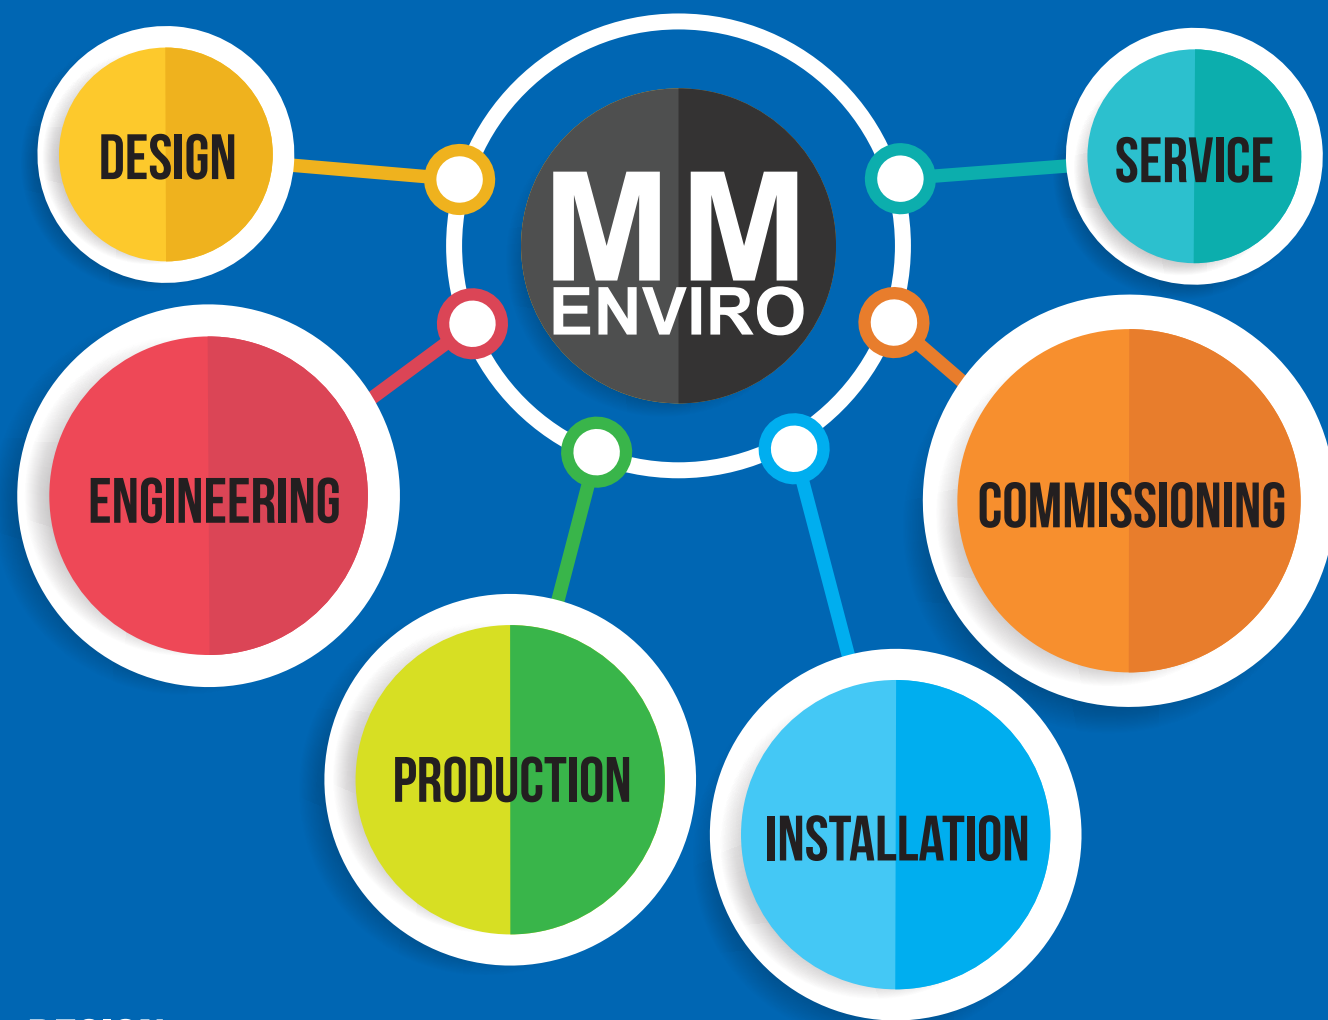

TEXTILE INDUSTRY

PAPER MANUFACTURING

CHEMICAL MANUFACTURING

DESIGN

The essence of a good product, good design involves creativity and thus is akin to.

ENGINEERING

Unless a product is engineered well i.e. the 'analysis', 'math' and 'science' are in place, it will never achieve the world-class status.

PRODUCTION

Skilled making with utmost precision help us produce the best.

INSTALLATION

A crucial aspect of any project, we ensure that the installation is done by the best of skilled professionals ensuring smoother commissioning and faultless operation of the machinery.

COMMISSIONING

Installation of machinery and it's commissioning in the correct way will go a long way in scaling it's productivity up.

SERVICE

Our post commissioning service is prompt enough to ensure minimum downtime of any machine.
